

SMART

SMOKING CABIN

The SMART smoking cabin is the ideal smoking solution for low to medium duty. Made for private use in offices, production and logistic companies and ideal for a quick and efficient cigarette break. The highly effective and unique five-phase filtering system makes it possible for people to smoke without the smell. The odourless ash container makes sure no one is annoyed by smoke and smells. Compact in size, if necessary easy to move and blends in anywhere.

TEST CERTIFICATES

Tested by certified institutes; I.F.I. and MPA Dresden (Brandschutz) (pending)
